

Green En
Solutions Pvt. Ltd.

Think Renewable Think Green En

Conceived by Arun Phule

About Green En

Green En is focused on producing renewable energy to meet the increasing demand for clean power

Led by experts in the field, we aim to seize every opportunity in the vibrant renewable energy market

At Green En, we believe in the future of renewable energy and are committed to playing a significant role in it

Green En

is the perfect choice because

Industry wide Experience

Our team has installed and started up 1500 MW of energy. Because of our organized methods and technical know-how, we've become one of the fastest-growing renewable energy providers.

Liaising Expertise

Our industry connections and regulatory expertise help us get approvals quickly, making us a top choice for companies needing regulatory clearance.

One-Stop solution

We make work easy for you every step of the way, from getting government approvals to installation, commissioning, and ongoing maintenance.

After Sales Service

We prioritize accessibility and dedicate our full attention to every instance. Drawing from our 25 years of industry experience, we're establishing a strong network of O&M services across the state

Services offered

Consultancy

Green En provides consulting services for all types of electrical projects. Our expertise ranges from electrical house wiring to EHV transmission and substation consultation.

Rooftop Solar

Rooftop solar projects are in high demand, and our expertise in renewable energy makes us skilled in all aspects of this service.

Energy

We specialize in Renewable Energy. We handle everything from feasibility reports to project commissioning.

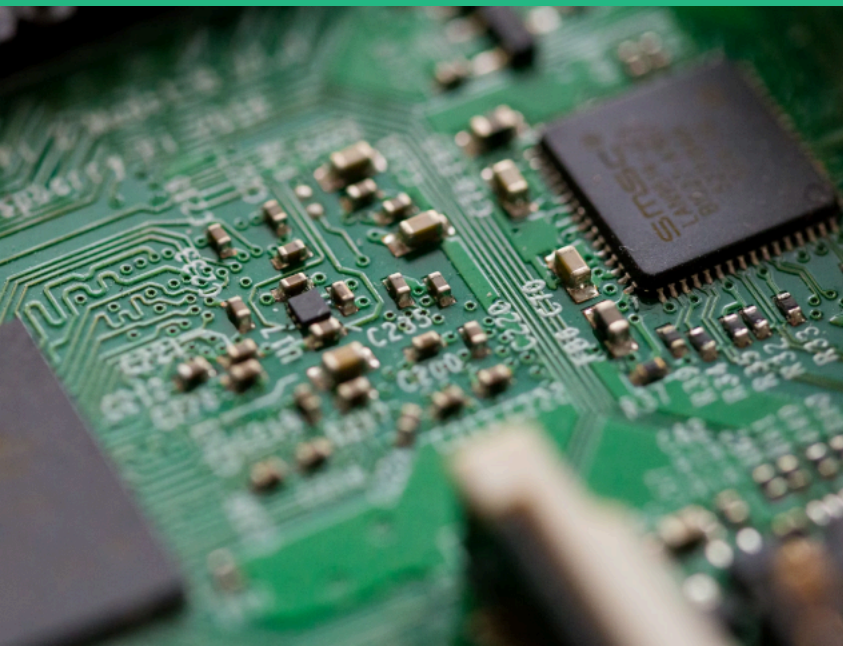

SEM & OA Services

We're experts in rooftop solar projects due to our renewable energy expertise. With MSEDCL requiring replacements, our skills are crucial.

Control Panel

We're experts in control panels too. Our dedicated team can design, supply, install, test, and commission them.

Industrial Electrical Turnkey Projects

We streamline electrical projects, making it easy for businesses to gain SEM and OA benefits.

Services offered

Fabrication Shop

As a backward Integration, we have built our own fabrication unit at Sangola, Solapur

Supply

We have undertaken supply of 11kV, 22kV, 33kV fabrication materials of both Transmission Line & Bay.

Capacity

Our shop floor can churn out 60 tonnes of fabrication material every month and that too with the highest quality

Our Reputed Clients

Tata Power

Sembcorp

JSW

O2 Power

Hindustan
Unilever

Renew Power

Our Key Achievements

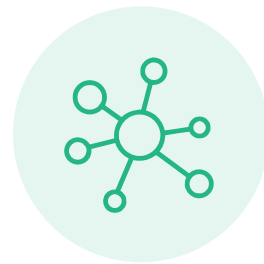

Empowering Maharashtra

Over **200 SEMs** have been effectively commissioned across Maharashtra

Wind Projects

Presently managing **600 MW of Wind Power** projects spanning four districts in Maharashtra

Connectivity Success

Successfully installed a **network of over 100 km** of overhead 11kV/22kV/33kV Transmission Lines (TL)

Empowering Agriculture

Implemented **65 MW of Solar Power** projects under the **Mukhyamantri Saur Krushi Vahini Yojna**

Our Clientele

Energy Meter Installation

Client Name	Location	Capacity	WTG
Godrej Industries	Dhule	1360 KW	3
Sudarshan Chemicals	Aurangabad	2100 KW	2
Daksha Infrastructure	Sangli	850 KW	9
Priyadarshini Polysacks	Dhule	1250 KW	4
Sahyadri Industries	Satara	600 KW	4
Ghodawat Energy	Nandurbar	1250 KW	6
Ruchi Soya Industries	Dhule	1250 KW	2
Tata Power	Sangli	2000 KW	15
Green Infra Wind Energy	Dhule	1250 KW	32
Suma Shilp	Dhule	1250 KW	8
RenewPower	Patoda	2100 KW	30
ReNew Power	Tuljapur	3000 KW	10
Hindustan Unilever	Dhule	1250 KW	3

Expertise in 132kV/33kV Substation and line for Renewable energy projects

We're helping ReNew Power, Tata Power, JSW, and O2 Power electrify their renewable energy projects. We've finished over 100 kilometers of line network and installed more than 60 unit substations so far.

Consultancy & EPC for utility scale solar project

We've installed over 60 MW for the MSKVY scheme in Maharashtra. We obtained regulatory approvals from MSEDCL, MSETCL, MEDA, & CEIG. We offer a complete turnkey solution for this.

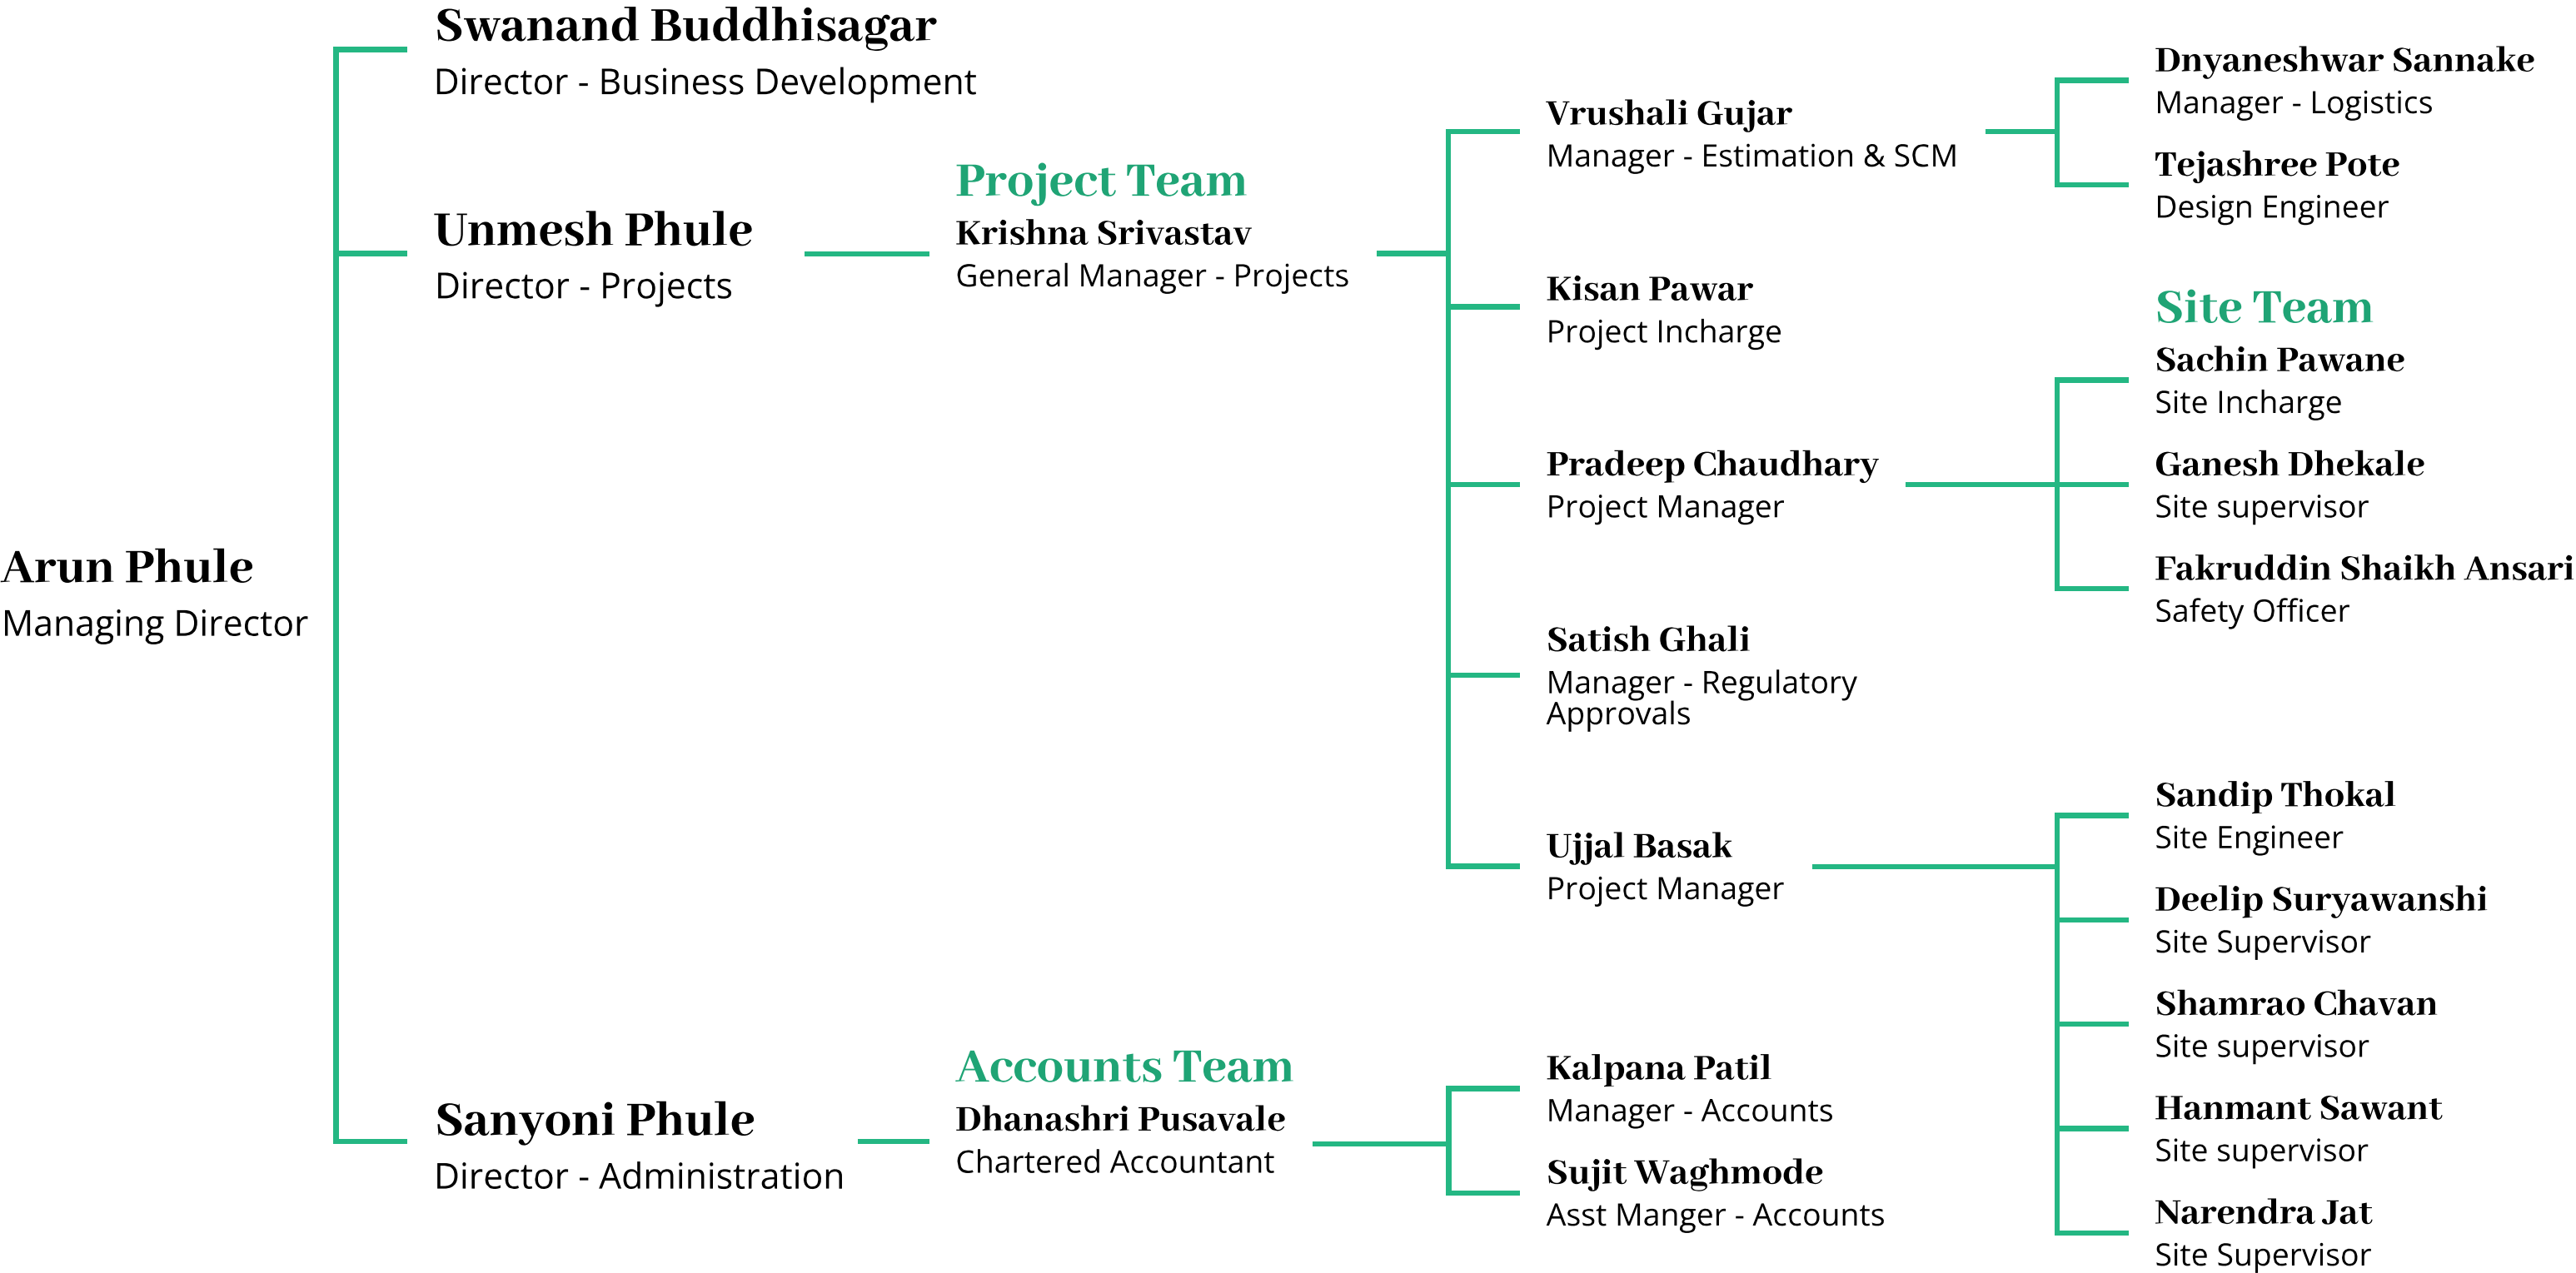

Special Energy Metering & Open Access services

We're a top company in Maharashtra for SEM & OA services. Having completed over 200 SEMs across the state, our clients include MNCs like HUL and FMCG companies like Parakh Foods.

Ongoing Projects

ReNew Power: 300 MW Wind Park in Patoda & 150 MW Wind Park in Solapur
Tata Power: SEM & Open Access for 15 WTGs in Sangli
O2 Power: Single Metering Yard for 40 WTGs in Mirkala Over 8 SEMs processing for 5 clients across 3 districts
